

Nashua Theatre Guild

recognizes

ORACLE®

Community Partnership Program

Oracle is committed to being a good neighbor by partnering with local government agencies, chambers of commerce, public safety, and child development groups. Through this program, we:

- ◆ Engage with local chambers of commerce and participate in community fundraising events
- ◆ Train employees to become nonprofit agency board members and community planning commission members
- ◆ Invite community partners to use Oracle facilities free of charge
- ◆ Actively participate in on-campus environmental, recycling, and energy conservation programs

Through this program, the Nashua Theatre Guild is privileged to use the facilities at the Oracle New England Development Center for rehearsals. The Nashua Theatre Guild Board of Directors is appreciative to the staff at the NEDC for participating in the Oracle Community Partnership Program.

Oracle software is the foundation of the information age, supporting huge advances in technology, science, and quality of life.
